ARL Preparing to Take in Shelter Dogs from Los Angeles Fire Zones

ARL to reduce dog adoption fees this weekend as part of preparation

The Animal Rescue League of Boston (ARL) is currently preparing to take in approximately a dozen dogs from Los Angeles animal shelters and this weekend ARL is reducing all dog adoption fees by \$100 to better prepare the organization for the arrival of these special dogs.

This special adoption event will take place through Sunday and will apply to dogs of all ages at ARL's Animal Care and Adoption Centers located in Boston, Dedham and Brewster.

The devastation and impact of the fires still burning in Los Angeles is unprecedented, and ARL is honored to be a part of a massive relocation effort to find homes for these animals, which will also create much-needed kennel space in L.A. shelters for animals who have been displaced or injured due to the fires.

ARL is coordinating with our national animal welfare partners to bring these animals to New England. In the next week, the dogs will be flown to Delaware, and ARL's Transport Waggin' will make the nearly 1,000-mile round-trip to deliver the dogs safely to the organization's Dedham Animal Care and Adoption Center.

The dogs will have to undergo a state-mandated 48-hour quarantine and be medically and behaviorally evaluated before being made available for adoption.

ARL will provide updates once the transport is completed.

ABOUT THE ANIMAL RESCUE LEAGUE OF BOSTON:

Pets are family. This belief is at the heart of everything we do at the Animal Rescue League of Boston. ARL is the first female-founded animal welfare organization in Massachusetts and is proud to carry on a legacy of kindness and compassion, helping more than 20,000 animals annually since 1899. Recognized for innovative, award-winning programs that go beyond sheltering, ARL addresses the root causes of the issues facing animals and the people who love them. By partnering with communities, ARL helps animals heal and thrive, keeps pets and people together, and protects animals from harm. Because there is no government funding for this important work, animals must rely on people like you to get the care they need, when they need it most, 365 days a year. For more information, visit arlboston.org and follow ARL on [Facebook](#), [LinkedIn](#), and [Instagram](#).
