**Handful of Rottweiler Puppies Available for Adoption at Animal
Rescue League of Boston**

Puppies came to ARL through Healthy Moms, Happy Litters Program

Five Rottweiler puppies will be made available today at the Animal Rescue League of Boston's (ARL) Boston Animal Care & Adoption Center, and came to the organization through a special and complimentary program to help pet owners with an unplanned litter of puppies or kittens.

The nine-week-old puppies include two females and three males, and were brought to ARL earlier this week through the Healthy Moms, Happy Litters Program. This community-based program, available at all three ARL Animal Care and Adoption Centers, offers free spay/neuter services and vaccinations for the parent animals, who are returned to their caretakers, and waived surrender fees for the puppies or kittens who will receive spay/neuter, vaccinations, and be placed up for adoption.

Anyone in need of assistance through the Healthy Moms, Happy Litters Program can visit arlboston.org/services/healthymomshappylitters/.

The Rottweiler puppies are incredibly adorable and friendly and will be made available for adoption this afternoon. ARL reminds the public that adoption is a first-come-first-serve process, so anyone interested in adopting one of these puppies is encouraged to arrive before the Boston Animal Care & Adoption Center opens at 1 p.m. today.

For photos of the puppies, please click the Dropbox link below:

ABOUT THE ANIMAL RESCUE LEAGUE OF BOSTON:

Pets are family. This belief is at the heart of everything we do at the Animal Rescue League of Boston. ARL is the first female-founded animal welfare organization in Massachusetts and is proud to carry on a legacy of kindness and compassion, helping more than 20,000 animals annually since 1899. Recognized for innovative, award-winning programs that go beyond sheltering, ARL addresses the root causes of the issues facing animals and the people who love them. By partnering with communities, ARL helps animals heal and thrive, keeps pets and people together, and protects animals from harm. Because there is no government funding for this important work, animals must rely on people like you to get the care they need, when they need it most, 365 days a year. For more information, visit arlboston.org and follow ARL on [Facebook](#), [LinkedIn](#), and [Instagram](#).
